Infusion Nurse

Job Description Template

Here at [insert facility name here], we're looking to grow our team of high-performing infusion nurses. An ideal nurse applicant has experience working with oncology patients in clinic-based infusion centers and is familiar with evidence-based infection prevention practices.

Outpatient infusion nurses in our organization are compassionate, professional caregivers with strong clinical skills and sharp attention to detail. When you join [insert facility name here], you'll be helping patients through their cancer journey and providing them with the support and care they deserve at every step.

Learn more about our unique benefits, compensation, and scheduling opportunities below and apply to join our team.

Benefits

- Competitive pay
- $10,000 sign-on bonus after 2-year contract
- Health, dental, and vision benefits
- FSA/HSA options
- 401(k) matching
- Paid vacation/holiday/family leave
- Free continuing education (CE) courses
- Subsidized public transportation
- Free employee parking
- Tuition reimbursement of up to $5,000 per year

Duties and Responsibilities

The infusion nurse duties include but are not limited to:

- Performing patient assessments and creating care plans to address individual needs
- Administering therapeutic intravenous treatments
- Reviewing laboratory results and correcting abnormalities per facility policy

- Monitoring for infusion complications and addressing issues with the medical team
- Educating patients and their caregivers on proper IV line maintenance
- Attending monthly infection prevention meetings to advocate for patients and ensure facility practices are up-to-date

Compensation and Shifts

- Starting salary of $81,000, with adjustments subject to education level and relevant leadership experience
- Full-time employment, working Monday through Friday for 8-hour shifts (8a-4p)
- Weekend day/night on-call shifts required (two shifts per month required, with available opportunities for more at the employee's request)
- Overtime, holiday, on-call, and incentive pay available
- Bi-weekly or weekly pay periods

Qualifications and Skills

Required Qualifications:

- RN license (BSN candidates favored)
- BLS and ACLS certified
- 2 years of experience working in an infusion nurse role
- Experience documenting EHR data
- Strong understanding of infection prevention protocols
- Excellent interpersonal communication skills
- Ability to efficiently manage time and develop a daily schedule to meet patient demands

Preferred Qualifications:

- Certified Registered Nurse Infusion (CRNI) or Oncology Certified Nurse (OCN) certification
- Previous experience in a unit leadership or charge-nurse role
- Bilingual in English and Spanish
