School Nurse

credenza

Job Description Template

Looking for a fulfilling career as a school nurse? *[Insert school name or district]* is looking for a qualified RN or LPN to help our elementary and middle school students stay healthy in their learning environments. As the largest school district in *[insert city]*, we educate a diverse population of children. Our top priority is protecting the wellbeing of our students so that they can stay engaged in their education. As our school nurse, you will play a critical role in supporting their health and safety. We ensure that our nursing staff receive ample support by offering weekly pay, comprehensive benefits, and paid skills training.

Benefits

- 401k matching
- Health, dental, and vision insurance
- PTO and holidays
- School nurse credentialing opportunities
- Around-the-clock administrative support
- In-house skills training program

Duties and Responsibilities

- Assumes responsibility for delivering nursing care to students (and staff as necessary)
- Provides services in accordance with the school's mission, standards, policies and student IEP/504 plans
- Utilizes the nursing process to plan, implement, and evaluate student care
- Performs interventions, treatments, and the administrations of medications as appropriate
- Coordinates student care between health agencies and other community resources
- Collaborates and communicates with parents, principals, educators, or other personnel to help inform and maintain student care plans
- Helps assess and maintain student safety at all times
- Maintains accurate and updated student health records
- LPNs should direct questions regarding care orders and conditions to an RN

Compensation and Shifts

- Pay range: $26-$44/hour
- 40 hours/week (7:30 a.m. to 3:30 p.m.), with full summer recess
- Location: Our elementary and middle school (one campus per day) in *[insert city, state]*

Skills and Qualifications

- Associates or bachelor's degree from an accredited school of nursing required
- Nursing license (LPN or RN) in the state of *[insert state]* required
- BLS certification from the AHA required
- 1 year of experience working in school settings or pediatrics preferred
