Travel Nurse

Job Description Template

[Facility name] is a leading authority in the healthcare space. Being in operation for over 50 years, we understand the ins and outs of the industry and how to support our valued travel nurses. Our organization strives to promote the highest quality care, and we provide our nurses with the necessary tools and resources to support this mission.

We're seeking a Registered Nurse who can help us deliver care to patients at our [insert department] on a 3-month contract. Our ideal candidate is comfortable delivering basic infusion therapy and adapting to fast-paced working environments.

Benefits

- Flexible scheduling
- Scrub stipend
- Commuter benefits
- Education reimbursement
- On-site childcare
- Continuing education benefits
- Bonuses associated with the position

Travel Nurse Skills and Responsibilities

- Adapting to new healthcare environments and protocols quickly and seeking clarification from care team as needed
- Monitoring vital signs
- Administering medications, dressing wounds, placing IVs, and operating medical equipment
- Collaborating with a multidisciplinary healthcare team, such as doctors, therapists, and social workers
- Maintaining accurate records and notifying medical team of any changes in a patient's condition
- Communicating effectively with patients, families, and colleagues

Compensation and Shifts

- Travel nurse pay range: $30 – $70/hour
- Overtime, incentive pay, and holiday pay available
- Weekly or bi-weekly pay periods
- Shift preference flexibility (day vs. night)
- Nurse-to-patient ratio between 1:4 and 1:5 (day) and 1:6 (night)

Travel Nurse Qualifications and Skills

- Adaptability and the ability to learn new procedures quickly
- Excellent communication skills and a caring attitude toward patients
- A team-oriented approach to work, with the ability to follow through on directives
- Skillful task prioritization and delegation
- Physical and mental stamina to perform job duties
- Completion of a state-approved registered nursing certificate program
- Passage of the National Council Licensure Examination for RNs (NCLEX-RN)
- Additional licensing requirements vary by state
- 2 years experience as a registered nurse
- American Heart Association BLS certification
- American Heart Association ACLS certification
