

Occupational Health Nurse

Job Description Template

We're seeking an occupational health nurse to join the medical staff at our on-site clinic, which serves three car manufacturing facilities. Voted the best large employer in the Denver metro area, we are committed to creating a work environment where our staff can thrive. We're looking for an experienced and qualified OHN who can help us meet that goal by providing high-quality medical services and safety oversight in collaborating with other healthcare personnel.

We offer an excellent benefits package, as well as on-site childcare for employees who need it. If you're interested in joining our team, we invite you to learn more about the position and consider applying today.

Benefits

- Competitive pay
- Medical, dental, and vision coverage for employee and qualifying family members
- Generous schedule of paid holidays
- Local recreation center pass for employee and family members
- Paid time off for participation in wellness program, up to 3 hours per week
- Tuition assistance
- On-site childcare

Duties and Responsibilities

- Perform workplace risk assessments and develop injury prevention strategies
- Develop and Implement facility-wide worker safety protocols
- Conduct quarterly employee health education sessions
- Perform ergonomic assessments for new employees
- Oversee the return-to-work program
- Manage the employee wellness program
- Process non-emergent workplace illnesses and injuries, including delivery of high-quality health services in conjunction with on-site medical clinic staff
- In the case of emergent illness and injury, perform assessments, treatments, and correspondence with local emergency medical services in accordance with company emergency-response policies
- Maintain accurate employee health records
- Conduct annual immunization clinic and deliver as-needed immunizations to staff

Compensation and Shifts

- OHN pay range: \$45-\$55/hour
- Overtime and holiday pay available
- Bi-weekly or weekly pay periods
- Full time, 40 hours/week
- Day shift (9 a.m. — 5 p.m.)

Qualifications and Skills

- Bachelor of Science in Nursing (BSN) required
- Active [insert state] RN license
- BLS certification required
- Proficient with EHR technology
- Strong clinical judgment and communication skills
- Minimum of 2 years of nursing experience in urgent care or emergency department settings required
- Experience in occupational health nursing preferred
- COHN preferred
